Re: Signature Requirement for Certificate of Deposit, Utah Building Stone Supply, Lynn Springs Quarry, M/003/025, Box Elder County, Utah

Dear Mr. Bown:

Enclosed are three original copies of the cover letter for the \$6,000 Certificate of Deposit to be issued by U.S. Bank for your Lynn Springs Quarry. This brings the total reclamation surety for this operation to the required \$15,500. Please sign each of the three originals and return to us so the Division Director can then sign the originals. We will return a signed original to you, forward one original to the bank, and retain one original for our files. A copy will also be forwarded to the Sawtooth National Forest for their records.

We have also enclosed a Reclamation Contract (form MR-RC) with guidelines for its completion. Please prepare a "draft" copy of the Reclamation Contract form and return it to us for a completeness review. We will promptly notify you of any required changes so that you may finalize the form and have it notarized. After we receive the completed Reclamation Contract and the Certificate of Deposit from U.S. Bank, we will be able to issue final approval for your Lynn Springs Quarry.

Thank you for your immediate assistance in finalizing this permitting process. If you have any questions please contact me or Lynn Kunzler, of my staff.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
